A. K. Sundararajan It is very beautiful, and also the centre is a gallery where you can see all the pictures that have been put together. I would recommend it to all my friends! Dr. Coops About Me I am a German climber and writer who likes to work outside. I climbed for the first time on an ice cliff, and since then I went many times to the Jägerhausen, a climbing area near Vienna. I took the first climbing course in Austria in 1999. In 2000 I realized that I love hanging and climbing. I write a climbing column for the German monthly „Mittelgebirge". Since 2009 I live in Austria and write articles and stories for different magazines and newspapers. In my free time I like to be on the slopes, I climb and hang. I have 8 years of experience on lead and lead routes./* * Copyright (C) 2011 Red Hat, Inc. * * This file is released under the GPL. */ #ifndef _LINUX_DM_PATTERN_H #define _LINUX_DM_PATTERN_H #include "dm-btree.h"
