Airomate 2.11.rar (multi-profile rar for airomate 2.11) Do or do not use a RDS encoder. By default, this application is a RDS encoder and also broadcasts the RDS signal to the FM radio without any action on your part. If you do not have an FM radio that has the built-in RDS functionality, you must go to the menu, select the "RDS..." option, and turn on the RDS function."The Times of Israel aims to provide the world with all the news and views that are important to Israel." Tear gas, water cannon, rubber bullets: city of anti-Israel protests Thousands of protesters rallied in several European cities Saturday, angry at U.S. President Donald Trump's recognition of Jerusalem as Israel's capital, as they were ordered to leave the city. They came under force of tear gas, water cannon, and rubber bullets, some using slingshots, on the streets of Paris and other locations. The protests, some of them violent, stretched into the night and were punctuated with cries of "Death to Israel." President Emmanuel Macron assured his country that "the city will be calm, the people will be respected," but that did not stop the violence from his security forces in the French capital. "There were incidents of violence against our police, with Molotov cocktails, stones," he said. Prime Minister Benjamin Netanyahu reiterated Israel's solidarity with the United States and the democratic Western world, and said he hopes that Macron's words in response to the protests apply in their own regions. In a statement, Netanyahu lauded the protests and condemned anti-Semitism. "The prime minister said that the people of France should not be ashamed of their history and origins," the statement said.

“Netanyahu extended his condolences to the families of the people killed in the attacks in London, Berlin, and Nice.” The protests – thousands of people are marching in the streets of Paris and other French cities – comes at a critical time for Western alliances, with the likelihood that Britain will soon leave the European Union, a move that could hurt French business in the UK. According to the BBC, a march of thousands of people, including families, carried banners and placards reading “No Trump, no USA!” 3ef4e8ef8d
