
BT Watcher is a free screen capture software to record full screen or selected area. It can be used to record from any window in your system. BT Watcher is able to capture screenshots, record video from video streams, or capture audio from the system/sound card or from an Internet stream. With BT Watcher you can review and save web pages, record streaming movies from the Internet, manage e-mails and capture objects on your desktop. It's a very useful software for system security, for example. Plus Cloud Software Products By EnvokeSoft On Office & Productivity Google Docs Description: Google Docs is a free online word processing, spreadsheet and presentation application hosted by Google. With its flexible editing features, you can collaborate and work on documents, spreadsheets and presentations with other Google Docs users online. Google Docs is easy to use and will enable you to create and edit professional quality documents, presentations, and spreadsheets online. Documents can be read by anyone who has the link or by people using Google Docs on their own computers. Documents created in Google Docs can be hosted on the Web or can be saved as a file for easy offline editing. Google Docs has a range of tools to help you create professional looking documents. Anyone can view your documents, presentations and spreadsheets. You can add images, tables, audio and video to your documents. You can comment on and reply to any comment made on your documents. You can add due dates, tasks, and reminders to your documents. You can print your documents, and also create and send them as PDFs or MS Word documents. When you save your documents as a PDF, you can have the documents print from a web browser on any computer. Google Docs is easy to use. Google Docs does not have a fixed limit on the number of files or size of documents you can save. Google Docs will automatically create new documents and save them to your Google account when you save or publish documents. Google Docs has excellent online collaboration tools. If you are working with someone else online, you can view and comment on each others' documents. Google Docs documents can be edited and managed offline by anyone. Document libraries can be shared and viewed on the Web. Any changes you make to your document are reflected online within minutes. Anyone 70238732e0
