83.42 KB Taito Legends 2 Pc Free 17 The Battle of Preveza (or the Battle of Preveza) was a battle of the Peloponnesian War fought on 29 and 30 September . Official Site Taito Legends 2 Pc Free 17 Taito Legends 2 is a compilation of forty-one classic arcade games in a single package, bundled in the PlayStation 2 version, and includes four brand new titles. It was released in Japan on December 11, 2005, in Europe on November 14, 2005, and in North America on December 2, 2005, by Taito Corporation. A Nintendo DS version, Taito Legends 2 Portable, was also released on December 22, 2005. According to Taito, the original plan was to include four new games, including both Taito's Drakengard and Taito's Warashi Imashiro, as well as Warashi Ataru and Warashi Seiō, and a Taito game called Saint Seiya. However, the two Taito's Drakengard titles were scrapped from the final release as they were released under the name Drakengard. Other additions to this game are Super Frog, originally released on the Nintendo Famicom as Superfrog and Way of the Fighting Frog. While the European version of Warashi Imashiro (and Warashi Seiō and Taito's Warashi Ataru) were also originally developed for the Famicom, they were released as a PlayStation 2 game in Europe in addition to the Japanese version of Warashi Imashiro. Warashi Imashiro was originally conceived by Taito as a prototype title that was released as Superfrog in Japan. Warashi Seiō and Warashi Ataru were also originally conceived as prototypes for Superfrog. Due to their popularity, Taito decided to release the three titles as a standalone game. Warashi Ataru was originally released in arcades on July 5, 1991 in Japan as Warashi Ataru: Densha de Ni!. It is an action game with a yatararasu, a mythical dragon form of a crow/owl known for its abilities to fly at very high speeds, dive into the ground and fly upwards. It can also dive into water and fly to 3da54e8ca3
