quarkxpress 9.5 Jul 6, 2009 While working with QuarkXPress 9, many new features have been created that are not available in previous versions of this program. In particular, new page formats have been added: "Book", "Tome" and "Blank". "Book" can be used to print books, while "Tome" and "Blank" can be used to create "book" pages similar to paper books. The program has new printing options and tools needed to print on non-standard media such as mobile phone cases.
