Bradley Cooper, Ed Helms, Zach Galifianakis, Justin Bartha, Nikita Tikhonov In short: an actor. I liked the way he plays Neil Gaiman. I really liked the episode when he talks about his relatives in America: his mother is a professor at a medical college, his father was an opera singer. He is annoyed that he cannot get a higher education here (some parents dream of educating their children), he loves his parents very much, and he never has real friends. He loves his sister. He was very sad when his family and friends died on TV. In general, he is a good person and I advise you to watch. Watch with translation from Kinopoisk. Thanks for attention!
