Free Vista Icons Crack + Free [Mac/Win]

Vista Style Icons is a collection of 6 office icons for your websites, applications, files and folders. It also includes their PNG counterparts in various sizes. There is no setup pack included, so you can drop the files anywhere on the hard disk, as well as back them up to a USB flash disk, external hard drive, or similar storage unit. The ICO images have a high-quality, 256x256 pixels and 291KB size, while the resolution of the PNG items varies from 16x16, 24xx32 to 48xx256 pixels. They depict a monitor, monitor stand, sofa, folder, and user image. It is possible to apply these icons to files, folders or various programs, as well as publish them on websites. Although the ICO files come with various resolutions, you can use specialized programs to change their size and properties (such as Greenfish Icon Editor Pro), in order to prepare them for various platforms. All in all, Vista Style Icons contains a pack of office icons that comes in handy to all users who want to customize their folders and applications. Too bad there aren't additional icons included in the collection. But we must also take into account that Vista Style Icons has not been updated for a very long time.
