20, 2012 May 27, 2007 Hello, I was wondering if anyone can help me with the game "igi 2". I have it on the. Can anyone help me get it to work, I don't have a blu-ray and I only have options to install it from an exe file. It also won't install without. Last week I installed the game and I was able to play it, that is, until last night. I forgot how to get past the battle with the bear. I have tried some solutions online, but none have worked. I have looked at some other games online, but none of them are something that I can access. All I can do is to enter a game, but for some reason nothing happens. I press the buttons, then nothing happens. I have tried multiple times. It's been on a dvd for a few weeks. I also did the "skip intro" option. The game has "gamble/free" next to the name. I have no idea what else to do. It took

me a few months to figure out this game. So I thought I would share my progress. Please help! Any information would help. A: If you have a CD-R or DVD-R for that game, you can burn the game to disk and then use it in PC. Go to the Runtime folder, open that exe and then start the game. What
