References Category:2011 software SolidWorks 2012George Soros is a globalist who hates Trump and so when he called for Soros bank's money to be donated for the Democrats and the GOP it showed what kind of globalist he is. Soros is not a Christian and obviously doesn't give a damn about America. He said: "In the wealthiest country in the world, the well-being of everyone depends on us all working together to solve the pressing problems. In some of the poorest countries the solutions, the opportunities are also there, but we're seeing right now the poorest become poorer and the wealthier the problems of the global economy affect them. Millions of people are without jobs, they don't have homes, and they are being victimized in every way possible." Well it's about time people stopped being so naive and accept what is happening. Soros describes his problem with Trump as: "His election as the President of the United States was terrifying because he gives this incredible expression of the spirit of nationalism." Well I'm sorry, but why is it we need to give away other countries money and why does Soros think that our being in the world is terrifying? Soros is just one of the many globalists who want America to be weak and so we need to be kept poor and use that money as a vote and in his case he wants his money to be given so we accept globalism and socialism. In Trump's first year as President of the United States he has acted on his campaign promise to make America great again. We have taken it back a long way. He has dramatically cut back on illegal immigration, has cut the number of refugees coming in and you can see the result of this. The globalist failed to take America to the point they wanted to take us, so they have to try and weaken us and so we end up poorer and weaker, which doesn't look good on them. George Soros is clearly a globalist who doesn't care about America and doesn't care that he is giving away other people's money, he wants to see Trump fail so Trump can continue to protect us and keep America prosperous. Haven't we learned from history? The globalist always come and stab us in the back. Stay strong America, and don't look back! And keep good look out the globalists!!!Q: How to Fix 1cb139a0ed
