I have a StarSat SR-X 1010 HD and I want to update the Cas emulator, there is new software for starsat1010HD in satdw may be solving the problem. I have the old version from sasz.com on 100 HD channels it works for me. I want to upgrade my cardshare on my sasz.com 100 HD channel this works for me. I ran into a problem and can't find a solution. After updating the software on channel 100, it is stuck in the update check cycle and cannot work. Please help me to solve this problem. In order to update the Cas emulator you need to be able to update the software Star
