Reference implementations can be obtained from Hello, i have made a simple webpage to get wikieteditor in here you need to copy the wikiparser.js and the wikieditor.js file and paste in your HTML file, in my case it is into c:\flash. and the directory structure is: c:\flash\wikieditor\index.html c:\flash\wikieditor\wikiparser.js c:\flash\wikieditor\wikieditor.js I hope it will work, i need to check it now. Hi everybody, i want to use wikieteditor in my project but i get the error that script is not loaded. i tried several versions of wikieteditor.js and wikieteditor.swf and it doesn't work. Here is my link: Hello, i have made a simple webpage to get wikieteditor in here you need to copy the wikiparser.js and the wikieditor.js file and paste in your HTML file, in my case it is into c:\flash. and the directory structure is: c:\flash\wikieditor\index.html c:\flash\wikieditor\wikiparser.js c:\flash\wikieditor\wikieditor.js I hope it will work, i need to check it now. My apologies for not being more direct with the question... you have a few small mistakes in your code. 1.) on the main page, you have "src" that is being rendered on the main_page.html Remove that "src" tag from the "html" section and it should work for you. 2.) Remove the tag from the document. 3.) Instead of using "src" in the "html" section, use the SWF instead of src. 4.) Your "function" tag should be "function Init() {....." and not "function Init() {....; }". hello, i have downloaded all the files from your
