9, 2018 - If you're having issues with ProPresenter 6, our first side troubleshooting will be to manually download and install the latest graphics card. Most ProPresenter 6 users who have an AMD/ATI integrated graphics card will have problems. This is because AMD/ATI integrated GPU is not supported and AMD/ATI AMD/ATI Radeon and AMD/ATI Radeon cannot be added to ProPresenter 6 at any time. The solution is to remove and re-add Radeon/AMD/ATI before removing and adding ProPresenter 6. Otherwise, ProPresenter 6 will not work.
