
Augmented reality perspective on SketchUp. If you're using a model in the 3D environment and need to view the 3D model from new perspective, View from any angle is one way to do it. However, it is hard to match the model and its natural perspective of the real world. Augmented reality perspective on SketchUp is the answer. It allows you to view the 3D model from new perspective by using your Android smartphone or iOS devices. August 19, 2014 AR-media Android™ Plugin 2.1.6 full setup.
