System Requirements:

NOTE: the versions listed in the "select a version" area are BETA versions, and are for testing purposes only. Do NOT expect to purchase them and be able to run them at the time of release without any issues. The following list is the minimum system requirements that all editions of MurderQuest are compatible with. Obviously the more powerful your system is the better, however the game will run perfectly fine on any system that meets these requirements. Windows: OS: Windows 7, 8, 10 Processor: AMD/Intel Dual Core
