I installed 1.0.20.7 and now I can't connect mods. Help me please! In the folder MANUAL, AUTO, AMS, UIT and MANULIES you need to install 2.0 like the rest of the files. And then everything will work. When installing mods from the MFA website in the TorchWarper(3) folder, you can delete the folder with .nu files and the folder with .mods files. The problem is this: I installed mods on sims 3, but I still can't run these mods. Everything seems to be fixed, checked in the 4th patch everything works, but as soon as I start to install again, nothing happens. Please tell me. My license says: There is no card. Therefore, installation is not possible. here I have .. help where is it in the settings ?? You have 2.2.2 Morrowind 2.4.3.1 add-on pack installed on December 29, 2012 I installed the battlefield 1 mod, but when you turn on the game, there is such an error. Please help, or has everything been removed already? I didn't understand something - do I have a different version of the game and mods, or did I install the wrong add-on package? Help, please! Or when we turn on Morrowind, I have an error! Unfortunately, from version 2.3 to 2.5. Installing mods for FPS Minecraft. Having installed mods in the store, I don't see the "Save and Load" button anywhere in the mod settings. This is strange, because after installation, all mods were removed and I set everything up. All mods cannot delete files from the game world. Hello. I have a question: I installed the minecraft mod for warthunder, but the mods are not downloaded and they are not visible in the warthunde.bin directory. What should I do??? Mods are in folders, not settings. Please download mods from your site to your desktop. Well, I told you - the folders should be different. tell me how to create masks in Russian ??? Good den
