After Kavya gets into trouble due to a careless mistake. According to the editors of GameSpot, in terms of the strength of influence on the game, Diablo III would deserve 3.5 points on a five-point scale, and in terms of overall impression it deserved at least 4.0 points. And the game is 7 out of 10 points. The score is high by Diablos standards, but not so high for today's MMO generation. Perhaps this was facilitated by the smaller scale and complexity, but in general the game still should not have been so underestimated. As for one of the important components of the simulator, Diabolo III is good and could become a worthy representative of the genre. one). Small file size; 2). Despite such a short development time, the game looks pretty authentic; 3). Original gameplay; 4). Very good texturing; five). The plot develops in chronological order, without losing its depth and problematics. As for the rest: most of the functionality, for example, runes, the basics of magic, inventory, is fully consistent with modern gaming requirements. And, of course, all this must be taken into account when buying Diabla III. For example, with only one vial of blood, you can create different strains that are not found in any other game of the genre. A menu of two items "Abilities" and "Improvements", for example. You can download Diablog 3: Pc, Xbox 360, Windows 2000 from d-russia.com, ftp.nnm.ru, or from torrents.ru. Have a nice game! Put 3 diblo and see how other games will behave. I have one suggestion about this, maybe not related to Diablllo. It's no secret that Diabella was created on the Sega console (and quite a bit on the Nintendo console) and the visual style of the game, which, of course, is based on action, was nevertheless cut down a bit by the developers. It would be better, of course, to prove it. And to you, not even one thread, but a whole bunch. This game was released on PS2, and it was there that the console version of Diabler was mainly developed. What makes you think that the multiplayer in DiabLL3 is designed for PS3? And what did you put "padlike" then? This suggests that to the owners of P
