I currently have version 5.3.23 of PHP (running in XAMPP on Windows 7). I am trying to take a picture using an Android tablet and uploading it to a PHP file. However, I am having problems getting the file to upload. In my Android tablet, I create a new activity that looks like this: @Override public void onCreate(Bundle savedInstanceState) { super.onCreate(savedInstanceState); setContentView(R.layout.activity_main); MediaButton mButtonCapture = (MediaButton) findViewById(R.id.btn_takePicture); mButtonCapture.setOnTouchListener(this); mButtonCapture.setImageResource(R.drawable.ic_action_camera); mButtonCapture.setOnClickListener(new OnClickListener() { public void onClick(View v) { // Create intent Intent i = new Intent(android.provider.MediaStore.ACTION_IMAGE_CAP

I am new to android development and would like to know how i can get a number the user has entered in a textbox to print out the number that has been entered. Also a second question, for my second activity, the text box is in "Id=1" and "Id=2" in the xml file. How

can i specify which id i want to print? Any help would be greatly appreciated Thank you A: try String number=String.valueOf(editText.getText()); Int number1=Integer.valueOf(number); or String number=editText.getText().toString(); int number2=Integer.parseInt(number); Description This is an album of one of the most chaotic rivalries in world history. It started with a request from Ayatollah Khomeini's regime to the Shah of Iran. This sparked a

long, bloody war over the course of several months. In 1981, Ayatollah Khomeini died and his successor Ayatollah d0c515b9f4
