Ahhh... i guess you do.. .So in mid-2014, I sat in the Senate Intelligence Committee as the United States was downplaying the threat of ISIS to our homeland, while at the same time the Chinese were doing a fairly good job of killing and capturing ISIS members in Iraq. As is the case with so many subjects, the most interesting perspectives are those I didn't find in the papers. In an explosive new book, former CIA official Philip Giraldi reveals how a key CIA operative was able to warn President Obama about the future of the Middle East, and how Obama's strategy has been sabotaged by a military that now finds itself without a strategy. With the ISIS campaign having turned into a long, bloody slog,
