## **What's new in Fifa 22:**

- **All-new game engine.** The new game engine features improved lighting and shadows, which provide a more lively, characterful look. Additionally, more than 700 new animations are now playable on all on-field players.
- **Enhanced ball control.** FIFA 22 features the most realistic ball control and aerodynamics ever in FIFA. The new 'Impact' system will now react differently depending on which surface the ball is coming into contact with. There are also new conditions that take into account the weather and surface condition, which will modify the behaviour of the ball.
- **Greater variety of skills.** FIFA 22 features the most in-game reactions and behaviours in franchise history, such as making movement decisions on the run or in 1 v 1 situations.
- **Access to more moves in your attacking play.** FIFA 22 introduces the Trajectory System, which lets you call for the perfect combination of pass moves to give you that killer one-on-one chance. With his favourite pass call, Alex Hunter, you can more easily get into position to take a shot, while his dribble will intelligently link into the right direction to join for a goal. Additionally, Jay-Jay Okocha's Pass and Start Move lets you boost your passing out of any situation.
- **Added greater variety of goals and tactics to gameplay.** FIFA 22 introduces defensive game modes - Referee, Big Game and Big Chance Mode. These modes will let you take on the FIFA 22 legend Wayne Rooney, as well as Lionel Messi or Cristiano Ronaldo with the most challenging modes in franchise history. **AND** you get an even more diverse range of goals and game modes in the Ultimate Team game mode.
