“We used this data to develop our innovative, new movement and on-ball system,” explained Craig Hamann, the Technical Director of EA SPORTS™ FIFA. “The end result is a gameplay experience that captures all the nuances of real-life football, and it will bring new dimensions to the player’s on-ball decision-making during matches.” Be sure to check out the new Football Mode in FIFA 22, allowing you to play with any modern day team, with the classic team lineup, and FIFA Ultimate Team™, a unique new way to build, buy and create your very own Ultimate Team™ with millions of players around the world. As with previous FIFA titles, you’ll also have the opportunity to play in traditional solo and head-to-head matches. The full game will also include an all-new presentation, single player career mode, and play in real-world competitions. Below we’ve published a short video showing some of the innovations in FIFA 22, and included in the press release is a short infographic highlighting all the key features of the upcoming game. EA SPORTS™ FIFA 22 will be released worldwide on September 29, 2015.

**FIFA 22 Key Features:** Brand new ball physics technology HyperMotion, using motion capture data from 22 real-life players, generated to create real-life-like ball physics and control, including an enhanced dribble system. 40 Player Teaming FIFA 22 allows you to play in a single player career mode, or with your friends in up to 40 players with AI controlled opponents or teammates.

**Brand new Presentation** The face of FIFA looks like it has never looked before. All-new in-game presentation includes dynamic crowd animations, realistic players and crowds, and an all-new soundtrack which consists of original songs written by new bands and artists, plus a masterful selection of hit songs from the past.

**Revolutionary Player Fatigue Engine** Identify and react to your opponent’s fatigue state before a match - making the most of the final stages of the match and scoring more goals than ever before.

**Brand new AI** It’s the most realistic, intelligent and enjoyable to play with, used for all the real-life competitions as well as official Pro Clubs.

**Best-Ever Ball Physics** FIFA’s best ever
