“We’ve teamed up with some of the world’s most elite athletes in order to get a glimpse of what the athlete sees and feels in the real world. Our aim is to offer the most realistic and responsive FIFA gameplay to date. This unique technology pushes the game to a new level and will offer a different gameplay experience for our players,” said Min-Sik Ko, head of product development for Electronic Arts Digital Sports. “We’ve had some stellar training partners such as Carlos Tevez, who is renowned for his speed, as well as Neymar Jr, an explosive player who is responsible for many goals and assists.” This article, written by Ryan Bloom (@bl0rmb1in), originally appeared on Game Informer. Master the very last word on the pitch as you master your soccer skills in EA SPORTS FIFA 22. Made by the masters of football – Cristiano Ronaldo, Lionel Messi and the rest of the football world’s best – FIFA is the world’s most comprehensive and realistic football game. A word from the makers of FIFA: Master the very last word on the pitch as you master your soccer skills in EA SPORTS FIFA 22. Made by the masters of football – Cristiano Ronaldo, Lionel Messi and the rest of the football world’s best – FIFA is the world’s most comprehensive and realistic football game. Hone your skills With all-new systems and features that work together seamlessly to give you more control over the action, FIFA comes to life with fundamentally new ways to play. A revolutionary Player Impact Engine reacts to the game’s most defining moments on the pitch, upending convention, unlocking new offensive and defensive plays to help you achieve your play-style on the pitch. Connected Play delivers unparalleled levels of realism, and Challenge Weekly will bring the competition to your living room every week by adding more ways to score to each weekly update. New Passes and Skills FIFA marks the first time players can control all of the ball’s motion on the pitch. Passengers will get there on the ground, too, as ball control passes through their feet and into others, unlocking a new range of creative passing options. Over-hit passes are now intelligently rolled out of play, instantly rebounding off the ground rather than dribbling sideways, bypassing opponents. Sky-high through

balls can now be accurately controlled and more than ever before, allowing players to instigate counter-attacks with pinpoint precision. The addition of new and improved skills, such as free kicks and penalty kicks, further connect players to the action and open up an entirely new dimension to skill and control on the pitch. New and improved ball physics The best players in the world move the ball with ease. Every single touch of the ball on the pitch is meticulously recreated for FIFA 22, empowering players to control the ball with a heightened sense of realism. FIFA 22 pushes ball physics to the next level with new and improved modelling of all aspects of ball flight, to more accurately capture the fluid nature of the physics engine on both indoor and outdoor pitches. Using Goalkeeper AI has never been easier, with Goalie Independence and Full bc9d6d6daa

Build your Ultimate Team to challenge the best players in the world in a variety of game modes. Take your favorite player from the real world and recreate their look in-game. Add them to your team using packs of players that come with in-game currency. Create your very own unique player cards by combining players together with unique player traits. Join a franchise with other FUT players and compete for championships, while earning exclusive packs, items, and players that will make your Ultimate Team truly unique. Live Rosters - Live your life on the pitch in real time! Take any of the pro teams in FIFA including Arsenal, Barcelona, Juventus, & Bayern and play against them during the game. Improved Pass and Movement - Analyze pass, movement, and dribbling. FIFA 22 Release date: August 25, 2017 FIFA 22 introduces the most immersive Career Mode ever, allowing players to create, play, and share their own customised in-game avatar to represent themselves as a soccer player. Based in the UEFA Champions League, FIFA 22 lets players control any of the 98 clubs, as they make their way through the UEFA Champions League, UEFA Europa League, and UEFA Europa League qualifying tournaments. A new Experience Points (XP) system allows players to develop, share, and unlock unique parts of their avatar, such as a custom kit, boots, and accessories. Crucially, players will be able to then purchase these unlocks with real money through an in-game marketplace, encouraging club owners to maximise their in-game currency. Using a combination of in-game messaging, news headlines, and celebratory videos, players will receive XP for a range of in-game activities including completing a player signing, scoring a goal, or winning a match. Players will earn an XP boost when they play with friends. This in-game experience system also works alongside the Career Mode, allowing the player to re-live their moments in the game as an in-game experience similar to that found in pro sports. FIFA Ultimate Team - Through gameplay that combines soccer with true-to-life tactics, tactics, and atmosphere, FIFA Ultimate Team allows players to play FIFA just as they do in real life, using tactics and real-life player movement and making decisions to dominate the pitch. Players can choose from various attributes and traits when equipping their players. They can then form and play a formation; select players from the same team, and they will automatically play together, or choose from pre-made XI

The world's leading sports video game franchise has brought to life the game's greatest stars including Lionel Messi, Cristiano Ronaldo, Neymar, Kylian Mbappe, Neymar, Kylian Mbappe, Wayne Rooney, Eden Hazard, Phillipe Coutinho, Mesut Ozil, Cesc Fabregas, Thomas Muller, Joshua Kimmich, Pierre-Emerick Aubameyang and other top players from the most popular leagues and tournaments, as well as real-world clubs and players. The cutting-edge gameplay features of FIFA are designed to bring out the best in players from all over the world, delivering an authentic, intuitive and realistic control scheme. What is the most important thing you can do in FIFA? Play smarter, not harder The most important thing you can do in FIFA is to get your team playing well together, supporting each other and building and maintaining connections with your fellow players. Success in FIFA is all about relationship building, chemistry and teamwork as much as it is about pure skill. More Connection, More Moments of Magic Expanding on connection management, your connection options in FIFA will now include more context-based and player-controlled dialogue options as well as new player emotions, demonstrations and attention-seeking tactics, and the feel of the crowd as you move down the pitch. Players will respond to your decisions and comments as well as build relationships together. You will now see players react to how you are affecting your team through them sharing positive comments or frustrations. The more you interact with players, the more likely they are to

develop positive feelings towards you. What is the most important thing you can do in FIFA? Play smarter, not harder. Have More Control Over Your Journey In FIFA you'll play a central role in the development of your career by managing the training of your players and pushing them to the next level, both on and off the pitch. You can plan ahead and choose exactly which players you need at key moments or moments that suit your style. Interaction with real-life players is now possible across the whole process, from planning ahead on the training ground to using in-game tactics and tweaking your style to fit the situation. As players improve their attributes, you can adjust your training plans, and the training tool will advise you on where you should focus your attention. Level of Difficulty Increasing Choose your difficulty settings to tune the game to your skill level: Casual, Pro, and Competitive
