You may also be interested in: Gustave Cottrelier was born in Nouabourg, Savoie, on 9 October 1843, and died in Paris in 1910. He was the author of the French language anthology *Les belles lettres françaises et romantiques:...*City Rivers District The City Rivers District is a wastewater treatment plant serving downtown San Antonio, Texas, United States, which treats sewage from the city's population of 564,919. It is the largest in Texas. It opened in May 1984 and was opened in conjunction with the St. Mary's Cathedral, which was historically a Catholic church in San Antonio and was the tallest building in the city for forty-five years until the completion of the San Antonio River Center in 1992. The plant receives almost 40 million gallons of sewage daily, with 57.5 million gallons discharged a day, the highest of any waste water plant in North America. References

French ministers will push the European Union's new flagship defence fund to boost an EU army that could underwrite projects across the bloc, notably on defence research and countering cyber threats, the French Finance Minister Bruno Le Maire said on Wednesday. French Finance Minister Bruno Le Maire arrives to attend the annual news conference of the lower house of parliament, known as the National Assembly, in Paris, France, December 14, 2018. REUTERS/Gonzalo Fuentes Ministers in charge of defence in the region's four main economies -- Britain, France, Germany and Italy -- on Tuesday proposed the creation of a European army by 2025 that could be based on existing EU structures. The idea, which is subject to EU-wide approval, was swiftly welcomed by Italy, who sees it as a way of reducing the risk of EU projects being lagging behind U.S. technological advances. French Finance Minister Bruno Le Maire said he was cautiously optimistic that France, the biggest contributor to EU defence, would get its way but also would try to push other member states on the fund, even if this would make the d0c515b9f4
