This is how your tab is going to look like once you upload it into your web host: Not bad, huh? You can also try other themes if you want, like the grass or the other. Ok, let's start coding it. Open up your new tab first. Now you'll want to copy the ****completed**** html and replace the "Avada" with "Cartaflec". First add this in there somewhere:

```
````javascript var element = document.createElement("link"); element.setAttribute("rel", "stylesheet"); element.setAttribute("type", "text/css"); element.setAttribute("href", "
```
