As the world's most iconic and widely-followed video game franchise, FIFA is synonymous with innovation, passion and football culture. Recognizing the global appeal of the FIFA franchise, EA SPORTS has also created a deeper world of football for fans to explore. The new game engine created by EA Canada and our developers delivers game-changing graphics with unprecedented authenticity; laser-like game control with physical responsiveness to individual player movement; and new ways to play. The global team at EA SPORTS who have worked on the game include Concept Artists, Animators, Environment Artists, Environment Art Directors, 2D/3D Artists, Lighting/Shading Artists, and Prop Artists. They have collaborated with 22 professional players whose likenesses have been digitally captured, while also working closely with the physical players who teach the characters and express themselves through movements.
