System Requirements For XLTOOL - Bank Cheque Printing Software:

For Mac OS X 10.9.1 and 10.9.5 Or For 10.7 That said, it is still a very good game. It had technical issues, but after playing more than 10 hours in a week, I could not say I disliked the game. I recommend it to all players, especially if you like Japanese pop culture or ones that evoke the Old-school days. If you are interested in a new version of this game, please read the notes at the
