1. You must log in to the App-V sequencing station using a user account that is a member of the App-V Users group. To log in, right-click the Taskbar and select Settings.
2. In the Settings dialog, click the Security tab.
3. From the Security Users group, click the Add User button.
4. In the Add Users dialog, enter a user name and password, then click OK.
5. In the Settings dialog, click the Office tab, then click OK.
6. Accept the default settings, click OK.
7. Log off the sequencing station and return to the App-V server.
8. Repeat steps 2-6 to add the root user to the Users group.
9. You can now proceed with the Office 2010 Deployment Kit for App-V installation.
