The girl was taken to the emergency room shortly before midnight... It's strange that a 15-year-old would have that many medicine... NAPLES, Fla. - A 15-year-old girl is the subject of a mann in the Nocatee Community School District. The girl was taken to the emergency room shortly before midnight after ingesting a large number of prescription pills. "It's strange that a 15-year-old would have that many medicine," said Naples police spokesman Lt. Steve Outlaw. Deputies said the girl had swallowed about 30 pill bottles, many of which contained numerous different pills and that are prescribed to someone else. The incident comes as a scare of a drug overdose for middle school students. In a report last month, the Naples Police Department said there were at least 24 cases of students under the age of 16 who were overdosing and dying. "They're taking these medications that are harmful to the human body... It really points to a lack of common sense on the part of the parents to monitor their children with medicine because they don't think it can do them any damage,"
