started with CAD, whereas Alibre Design Expert is a 3D and 2D modeling application suitable. An
enigmatic remark, allegedly made by a Jewish poet known as the "Dean of the Hittite Rubaiyat," has
led to excitement and hysteria among both skeptics and academics. In the late 1300s (possibly
1288), the Lick Observatory, a research facility in northern California, boasts on their Facebook page
that they have found the grave of the deceased author of the proverb "The world is quite another
sphere," which would have appeared in either Chaucer's The Canterbury Tales or Sir Gawain and the
Green Knight, as well as possibly Robert Burton's Anatomy of Melancholy (1571). Beyond the
dubious veracity of this claim, the remark in question has long confounded scholars. Let us consider
