Too many images are created with low-quality photographs and basic technology. Choose a photo that suits your needs and that represents the best image to create the best print piece. Photoshop is the most commonly used software used to create Adobe Photoshop Elements, a new edition of Photoshop suitable for everyday use by beginning users. You can begin to use the program at your leisure and build up your skills over time. Hundreds of tutorials available There are dozens of tutorials on the Internet for Photoshop. The most popular tutorials come from the Adobe educational sites at `www.adobe.com` and `www.photoshop.com`; the `Adobe TV` channel at `www.youtube.com/AdobeTV`; and the `PowerShot` Facebook page at `www.facebook.com/powerphotoshot`. The quality of the tutorials varies greatly. Some are simply animated slideshows or step-by-step demonstrations. Some tutorials take you step-by-step through the creation of a composite photograph from hundreds of downloaded images. Other tutorials are simply about making a certain image look better through the use of editing techniques such as cloning. When you begin to do more photo editing, the videos by Richard Harrington (`www.youtube.com/user/KarenRHarrington`) at the CreativePotentials site are outstanding. You can find tutorials on how to use Adobe Photoshop for making T-shirts from all over the world. Kip McGuire (`www.youtube.com/user/KipMcGuire`) has a tutorial on how to create a photograph of a coffee cup and a pen, where the eye draws a path through the cup and the line goes into the pen. Find out how to turn a pen into a flower. Check out Jesse Powell's free tutorials at `www.youtube.com/user/thejenkinsfiles`. Powell is a well-known photographer who has a free tutorial on'shopping' (creating a new photo from an old one), along with many other demonstrations. Up the ante As with many other software programs, Photoshop has a built-in repertoire of filters that enable the adjustment of color, tone, and other image attributes. Photoshop filters are great tools for enhancing images by changing the appearance of photos using the color palette. You can choose from a huge range of options, and many of the filters are very easy to use. The most popular filters are the

Namco Partners with Ubisoft to Re-Release CrossWorld Altered Beast for Xbox Live ArcadeThis title, originally for the Sega Dreamcast in 2003, was upgraded to include new features and altered graphics. Just to make sure there's no mistake, Ubisoft will be bringing the Dreamcast version of the game to Xbox Live. Originally released in 2003, the PC version of the game received a bit of a makeover to make it cross-platform with the Dreamcast version. In the original version, you played as a man falling through a video game, encountering enemies and pitfalls to get back home. The PC version had a more action-y feel, and featured changes made to support the Xbox 360 and PlayStation 3 releases of the game. Namco and Ubisoft's agreement, announced earlier this week, makes this the first time the company has worked with the publisher to put a Dreamcast game on Xbox Live. The re-release is scheduled to be available later this year.NJ Transit is getting a new general manager, with word being that Patrick Rooney is out of a job. NJ Transit spokesman James Simpson says Rooney will take over the post on Aug. 1. We were told a decision on Rooney's future was being made this week. Simpson said Rooney made the decision to retire to "pursue other interests." Simpson added that Rooney was a longtime high-ranking member of the transit agency. The announcement comes a week after a local newspaper report said the agency would not renew his contract. NJ Transit on Sunday night issued a statement from board Chairman Thomas F. Prendergast that he was "grateful for the many contributions to NJ TRANSIT by Pat Rooney." The statement did not elaborate. NJ Transit is the state agency that runs the trains and buses in New Jersey. Blog: * [Keyvan's blog](Q: Logging class and row in ErrorGrid I want to log incoming errors in a row of my ErrorGrid. My problem is that I don't know how to get the values from the row. I'm trying to get the Exception object and/or the StackTrace from the row of the ErrorGrid. If I use the method Exception.StackTrace I get this message: Java.Lang.IllegalArgumentException: Invalid property value I've tried to get it using row.DataSource... but this is giving me an Exception when trying to use row.DataSource. It sounds like this is possible, but I can't find out
