#### Free Fifa 22 [Mac/Win] (Final 2022)

Addressing the football community since 1992. FIFA is more than a video game, it is a love letter to football. FIFA creates authentic football moments by allowing players to express their individuality while reacting to the game just like the real world. FIFA is the EA SPORTS football simulation franchise. Each year, EA SPORTS brings the biggest names in football to the pitch as playable players, teams and legends. FIFA, EA SPORTS' flagship football simulation, offers fans of all levels the chance to experience the game just like the real thing. FIFA 22 introduces a brand new FIFA Ultimate Team™ mode with the largest team of players and teams in franchise history, as well as tactical intelligence that allows you to change formations on the fly and tailor your team to match the opposition. Player stories: The new Performance Shots feature gives players on-field action a deeper meaning by highlighting and showing real examples of high-performance moments in real-world footage from Europe's top leagues. Players have now a visual milestone to strive for when they're on the ball with this feature. The game brings a fresh new voice for the players with all-new commentary in English and Spanish, featuring a selection of new, iconic and previously-recorded voices. The in-game systems keep pace with what's happening on the pitch with on-the-fly real-time ball physics and pass-completion indicators. The Balance team have addressed numerous balancing issues, including: • In-Game intelligence: Pass decisions are now more responsive and contextual. Players will now also be more aware of when they should look to pass. • Tactical intelligence: Fouls and yellow cards will now affect the player while on the ball. Passers and runners will now be more aware of the options available when receiving the ball, allowing them to make smart decisions and not be punished for their errors. • Ball physics: Through FIFA's unique ability to predict ball motion, players will now be able to make more accurate passing decisions and control the ball with more finesse. Community features: FIFA 22 brings enhanced career and draft options, allowing more flexibility in how players can progress through the ranks. The Draft tool allows you to tailor your team with your favourite players from the previous year, while the options to Customise with your Clubs and Kits reflect your League and Club Identity. FIFA 22 introduces FUT Draft, Draft+ and BOTS Draft
