jetbrains phpstorm 2021 key jetbrains phpstorm 2021 crack jetbrains phpstorm 2021 keygen jetbrains phpstorm 2021 crackQ: Log4net doesn't write the events I'm trying to use Log4net and everything works well until I start using a package that is responsible to be the only stream writing a file to disk every X seconds. The package opens and closes the file very quickly and hence the events never reach the logger. I already put all logger level to INFO, but nothing seems to be working. I'm using an instance of: XmlConfigurator.Configure(new FileInfo("log4net.config")); I'm using log4net 1.2.11.0 and it's configured like this:
