It's the biggest, most authentic football game in the series and the most expansive one ever created with new modes and features not seen in any previous version of FIFA. This version of FIFA includes up to date content and will be patched live to the version of the game that you own. FEATURES New FIFA 18 Challenges Intuitive new Play Your Way mode

What's new in Fifa 22:

- **Create a world-class player using 32 team kits. Add a real-team look to your game with your very own *team* kits. This exclusive, player-customised content is included as a bonus in FIFA Ultimate Team packs!**
- **Play through more of the biggest and most immersive matches and scenarios in the career of a pro.**
- **Save Ultimate Team cards for use in your single-player FIFA Career.**
- **Become a Pro and further expand your collection of finishers and stars.**
- **Matchday is back in the game as well!**

A huge thanks to everyone at FUTASIA for the new visual design and flow they have put into this one. Someone worked really hard.

Notable bug fixes:

- **An issue wherein the camera would sometimes lock in place during certain actions has been resolved.**
- **An issue wherein some user interface elements would grow indefinitely even after the player character exited a certain interaction has been resolved.**
