## Portable PDF-XChange Viewer Free Download [Win/Mac]

Portable PDF-XChange Viewer offers a simplified interface that can be used by beginners. It allows you to view PDF files and edit their content. However, it's important to point out that Portable PDF-XChange Viewer uses a PDF copy of the original document. This, however, doesn't mean that it's not possible to recover lost data. The program automatically saves all document content, including text, images, audio, video, and other files. Therefore, once you run Portable PDF-XChange Viewer, you can use the tool to view the entire document, recover the original PDF file, and more. Furthermore, when viewing PDF documents, Portable PDF-XChange Viewer is able to detect if the file is digitally signed. In other words, it verifies the original file to make sure it hasn't been altered. Due to its simplicity, Portable PDF-XChange Viewer is an easy-to-use application that's ideal for beginners. Moreover, it's a useful tool, you can use the app to view, recover, and restore lost or corrupted PDF files. Plus, it can be used as a full text viewer and editor.
