System Requirements For GMDesk:

How to play CrossCode: Stick to the 2D arena! You won't find any platforming in CrossCode. You'll also notice that the whole game is completely single-player. With the exception of the occasional NPCs that occasionally spawn in you're completely on your own. There's no cooperations, no chat, and no trading. Why? Because I'm selfish like that. A multiplayer game requires a lot of different things. Communication, trading, maybe trade requests, a lobby, matchmaking, and other things I don't have time for in my spare time.
